As a regular shopper of your store, I would like for you to consider carrying Skeeter Nut Free cookies and grahams. You may have heard of Skeeter Nut Free if you ever fly on JetBlue Airways, as the Skeeter Nut Free chocolate chip mini cookie is "the only cookie in the basket" on every JetBlue flight.

Skeeter Nut Free products taste great, are made with whole grains and natural ingredients and are safe to eat for people with tree nut and peanut allergies. This safety is important not only for the approximately 15 million people who either have or live in the home of someone with a nut allergy, but also for all Moms of school-age children, who are looking for a delicious treat that is safe to pack in a school lunch, take to youth league games to hand out as a team snack or serve at birthday parties and similar gatherings.

I am sure I am not the only shopper in your store who would appreciate you offering Skeeter Nut Free products. I hope you will give them a try.

You can reach the Skeeter Snacks offices by calling 904-730-8821 or emailing them at info@skeetersnacks.com.
